Practice Tip of the Month

Practice the “ready position.” Before every pitch, players should bend their knees slightly, stay on the balls of their feet, and keep their glove out in front. Being in the ready position helps players react faster and make more plays in the field!

Welcome Back!

Baseball Season Begins!

Welcome back to another exciting Little League season! We’re excited to see our players and families back at the ballpark and ready for a great year.

Thank you to our coaches, volunteers, and supporters who make this league possible. Here’s to a season full of teamwork, fun, and great memories. Play ball!

Message From the Board

This season, our board includes many new and fresh faces who are excited to help move Citrus forward. Our mission this year is to focus on positive improvements, strong communication, and creating the best possible experience for our players and families.

We welcome your feedback and ideas as we continue working together to make Citrus an amazing place for our community and kids to play, grow, and enjoy the game.

Tips & Tricks

Rainy Day Practice Drill

Tennis Ball Reaction Drill

Grab a tennis ball and a partner. One player drops the ball without warning while the other tries to catch it before it hits the ground. This drill helps improve reaction time, hand-eye coordination, and quick glove skills – all important for making great plays in the field!

Baseball Fact
Did you know? A baseball has 108 stitches, all sewn by hand in a special double-stitch pattern.

We Heard You!

You asked, and we listened! Many families shared that they hoped to have all games played at Red Hill Park, and we're excited to say we made it happen for our Rookies and T-Ball divisions.

Even better, we were able to schedule some infield games for our T-Ball teams, giving our youngest players an even more fun and engaging game-day experience.

A big shout-out to Marlene Jurado for helping make the magic happen. Thank you for your hard work and dedication to our league!
